STILL STORMY

ALONG NEW ENGLAND COAST

Boston, Oct. 12.—The heavy North-east wind and rainstorm which has prevailed along the New England coast since Friday showed little abatement early to day. Reports from all sections of the coast show heavy seas, with some damage to water-front property and small shipping. The ample warning given of the approach of the disturbance, it is hoped, will prevent heavy damage at sea.

TO RY KENTUCKY.

The details of the conference recently held in Indianapolis have just become known and it brings to light a startling condition of affairs, revealing how recently the Republicans are beginning to order to steal the vote of the Commonwealth and give it to Belknap and the Republican State ticket. Last week John W. Yerkes, Commissioner of Internal Revenue, slipped into Indianapolis from Washington and was met there by Senator Fairbanks, of Indiana, the fugitive W. S. Taylor, Dr. W. Godfrey Hunter, Chairman of the Republican State Campaign Committee, J. H. Newman, the figure-head chairman of the Committee, and Collector E. T. Franks, of Owensboro. The results of that conference are numerous.

In the first place, fugitive Taylor, who has always been Dr. Hunter's closest friend, agreed to write to his friends in the mountains asking them to support Hunter for Congress in that district.

In the second place, in return for a promise of Kentucky's support for anything he may want, Senator Fairbanks agreed to see that Taylor is protected in Indiana, and it is said that Senator Fairbanks further promised to see that a campaign fund was raised among the Indiana Republicans to be sent to Kentucky just before the coming election. The Republican campaign committee have a larger over-haul than at any previous election; consequently when Mr. Fairbanks' contribution is received from Indiana the sum will have grown to enormous proportions.

It is the plan of the Republicans to flood the State with this money during the last days of the campaign and to use it in an endeavor to buy the floating vote and to corrupt the election officers. Mr. Yerkes was more responsible for the nomination of Mr. Belknap than any other man and Dr. Hunter is now managing Mr. Belknap's campaign; therefore even the presence of Mr. Yerkes and Dr. Hunter at a conference with fugitive Taylor is sufficient for all thinking people to see clearly that the Republican leaders of Kentucky, including the nominee for Governor, and the patron saint Yerkes, who is in Indiana, Taylor, Yerkes, and all the other men charged with the murder of William Goebel. No one doubts that Taylor is lending his assistance to the Kentucky Republicans now because he knows he will be benefited by the overthrow of Democratic government in Kentucky.

It is astounding to see that Taylor still has sufficient influence among any set of people in Kentucky to address letters to them to secure their support of any candidate. In their presence at Indianapolis Mr. Yerkes and Mr. Franks are encouraging Internal Revenue employees throughout the State to take an active interest in politics which is in direct violation of the Federal Statutes.

The conference at Indianapolis brought to light any number of reasons why thinking persons should cast their vote against the Republican party which allows such men as Taylor and Hunter to control and direct its affairs.

WHAT MIGHT HAVE BEEN

In vain the serpent endeavored to beguile Eve into plucking and eating the apple.
"See it is a beautiful red and tempting to the sight," urged the wily serpent.
"You look all right," replied Eve.
"Then eat," said the serpent.
"Pardon me," said Eve "but you can't ring in any Ben Davis apples on me."
Also, that this particular apple should have been discovered.

BOSTON

CHINESE MUST GO BACK.

Boston, Oct. 12.—Of the 350 or more Chinese taken into custody here yesterday because they could not produce registration certificates, about 150 were released during the night, friends having placed the requisite papers before the Federal authorities. The police say that most of the others will probably be deported. A large number claim their certificates have been lost, but the act of Congress makes no provision for such loss, and in such cases, the authorities say, deportation must take place.

THE DIFFERENCE.

When we consider the energy and ability displayed by it, and how many bright young lives become failures by failing to attempt, we wish the words "I can't," and "impossible" were eliminated from the language of the young, at least. Because your road is rough and tedious, and the labor hard and veering, is it right to falter when the prize is well worth the struggle? The crown of victory is reserved for those who strive, and however accident may seem to elevate another, there is no royal road to fortune. The victories won having are rarely won by the "I can't's" on the lips of the young, no words sound so miserable as the shrillings that betrays the coward's spirit. Seek not to do beyond your strength, but, having measured your means and faculties, consider if you can afford to fail. Accept the full measure of toil, and struggle bravely toward the top. Remember that your burden bearing will give you strength, if you carry the load aright. My dear girls, you cannot afford to be cowardly. My dear girls, your motto should be to succeed. Scout the idea as you please, it is "not our stars, but ourselves that are to blame, if we are underlings." Climb, Achieve. Fail, if you must fail, with your hands reaching upward. A determination to succeed, and a persistent effort toward success, have made more than one name immortal. Do not acknowledge defeat.

COL. BELKNAP ON KENTUCKY.

In his speech Col. Morris B. Belknap, the Republican nominee for Governor, has made and is making a serious reflection upon the women and men of Kentucky who are known to the world over as the truest and best, the most hospitable and the most chivalrous. In his opening speech at Mumfordsville, Col. Belknap made this startling statement:

"Our young men are now hearing what manner of men these old-time Kentuckians were and from them comes the demand upon us for civic conditions that will restore to their birthright. We can not stop our ears to the call, and with us now lies the responsibility of making this State a fit place for our sons and daughters to live in."

This statement shows that Col. Belknap has indeed a poor opinion of the people of his own State. He says that Kentucky is no fit place in which to rear boys and girls. Col. Belknap is probably the only person who has ever made such an expression concerning the old Commonwealth.

The citizens of this State have always prided themselves upon their "Old Kentucky Home," and Col. Belknap is the first person on record who has ever said that Kentucky was no place to rear boys and girls. Col. Belknap must have a poor opinion of the State and the people of the State or he would have made no such statement in his opening speech. The good citizens of the State should repudiate such a reflection upon the women of the Commonwealth by voting against Belknap and the Republican State ticket on November 3.

The government office holders who don't make a contribution to the Republican campaign fund in Kentucky will soon find their occupation gone. The amount donated is not left to the inclination or judgment of the contributor—it is a certain per cent of his salary.

A \$75,000 memorial hospital will be erected at Chicago in honor of Miss Francis E. Willard.

Ex Postmaster General William S. Russell died in Buffalo, N. Y., last week.

CHILD

ASSAULTED, THEN KILLED.

Wilmington, Del., Oct. 12.—Mary Koskiski, aged 13 years, daughter of Polish parents, was found dead in a ditch within a few squares of her home on Bradford street, in South Wilmington, early to-day, and investigation showed that she had been assaulted and thrown into the water. From the fact that she had been assisting a sick neighbor last evening her parents supposed she was spending the night there and made no inquiry when she failed to return home. The police officials are without a clue.

OBITUARY.

On Monday morning September 21, 1903, this community was shocked at the and intelligence that Fanny W. Whost, the wife of W. H. Whost, had been suddenly called to meet her God.

She had not been sick but a very short time, and her sudden death came unexpectedly to her many friends, and especially to parents who had never heard of her sudden illness.

She was a sincere Christian, a devoted wife and loving and model mother.

She was nearing her thirtieth birthday. She was reared in Adair county and was a daughter of Robert Humphrey. She had many kind and loving friends; in fact all who knew her loved her amiable disposition and Christian character.

In her death the community has lost a friend, the church an obedient member, the household a devoted wife, and three little boys, a dear and loving mother.

But what is to us an irreparable loss is to her everlasting gain and peace. So we console ourselves with this truth, that as she was an earnest Christian, and in the very last hours of her life gave all the evidence that we could wish of her hopes of eternal joy, we should not weep; and that while we grieve about in sorrow for a few more days, that she has gone with the heavenly cohorts to sing the sweet anthems of heaven.

So dear husband, father, mother, brother, sister and dear little baby boys, she has only bade you adieu for a little while, and if you are only faithful you will meet her again to part no more.

JOHN T. WHITE.

Out in Kansas, which is always doing something out of the usual line, the school boards in a number of counties and districts adopted an iron clad rule that they would employ no female teachers who would not agree neither to flirt, become engaged nor marry while they held said positions. The schoolmifre had nothing to do but submit to the cruel decision, as they regarded it, but bided their time, and soon had things all their own way. An election came off and the horrid men who constituted the school boards were ingloriously defeated and women were elected in their stead and now the schoolmifre can flirt to their hearts content and love and be loved just like other people.

BRAIN LEAKS.

It takes at least two to gossip—one to talk and one to listen.

The trouble with some people is that they mistake liberty for license. A great many men who belong to church do not belong to anything else.

You may pray for what you want, but God will give you only what you need.

Speaking of world benefactors, what's the matter with the individual who invented pumpkin pie?

The fat man deserves plenty of sympathy. No matter how badly he feels his wife will think he is shamming.

Man usually is willing to pay more to be assured that instructed because he thinks that he already knows it all.

The husband who is always seeking to be a "good fellow" usually succeeds only in giving his wife a bad one.

The man who too good to go to the polls is usually the man who kicks highest and huddles about the way things are below run.

CLAY WILL CASE

THROWN OUT OF COUNTY COURT.

Richmond, Ky., Oct. 12.—The will case of the late Cassius M. Clay was brought up in the County court here to-day. Judge Turpin heard argument both for accepting and rejecting the will and a decision was announced rejecting it and the case was thrown out of the County court. It will be taken to the Circuit court.

TWO WOMEN.

President Roosevelt has, through his postmaster general, removed from the Greenwood, Del., post-office, Miss Huldah B. Todd, on the spurious plea that she is "obnoxious" to the mouthpiece of "Gas" Addicks, Senator Allie. Miss Todd had served five years as postmistress at Greenwood and had given the fullest satisfaction to the patrons of the office. She was in no sense obnoxious to them. She was first appointed to a four year term by President McKinley, and after serving that was reappointed by President Roosevelt. She had served one year under her reappointment when her official head was chopped off to meet the political demands of addicks and his crowd.

Minnie Cox tendered her resignation as postmistress at Indianapolis, Miss, but her resignation had not been accepted. For about a year now she has been carried upon the salary roll of the government, on the president's orders, though she has rendered not one cent's worth of service. She was personally obnoxious in her official capacity to the vast majority of the patrons of the office, who had the temerity to say so in resolutions adopted in mass meeting. She recognized the fact that her presence in the post-office was obnoxious to the vast majority of the patrons of the office, and tendered her resignation.

What explanation can be given of this widely different treatment made to the Judgment rendered in this action at the September term, 1903.

Can it be possible that negro-mania has been carried to the point where the black sister is protected and coddled and fed upon government pay simply because she is black, while the white lady is thrown out of office solely because somebody who is the favorite of some politician wants the job?

These questions are pertinent, not impertinent. The country would like to know the exact attitude of this administration toward women, and it has right to know.—Atlanta Constitution.

FROM TEXAS.

ABSTRACT, Tex., Oct. 6, 1903.

Editor of the News:

Kind sir; thought I would step in and take a chat with you.

Well, cotton picking is in full blast. Crops are very good in this country; will make something like one-half bale per acre. Although we are having lots of rain at present, farmers have gathered lots of cotton. I have not ten bales; sold seven at an average of \$54.00 per bale. But like all other farmers, a great deal of expense to it.

As dragging along, sack filled with cotton, is somewhat straining on ones nerves, and often causes dreams—I had one the other night, and looking upon you as Joseph the 2d, will ask you to interpret it for me. Like this: "Twice at a base-ball game last part of the 9th inning when Mr. score-keeper calls, 'Bookham at bat, Hurt on deck, Belknap in the hole, while Mr. Baker played short stop, etc. When the game ended and players were leaving the ground, it was noticed that a log cabin was on fire; players all rushed in to put it out; Mr. Baker was badly hurt while Belknap's face was burned to a crisp, and the cook in his crowd said 'go away back and sit down.' Boys, turn out and watch Rollin bat these drops.

Of course, all that Russia wants in Manchuria is governmental reforms.

CHEAP LANDS

For Homeseekers' and Colonies.

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for Homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will afford in a single season yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and 45 per acre up, bottom land at \$6 and 80 per acre up, improved or partly cleared land at \$10 and \$15 per acre up. Some fine propositions for colonies—tracts of 2000 to 8000 acres at \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas at \$10 to \$20 per acre up. Write us for information about cheap rates, excursion rates, also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year.

Twelve more days, then the election.

During the last five days of the campaign Mr. Beckham has appointments to speak at forty different places.

It is funny to see so many anxious inquiries interviewing Mr. M. Roy Yarberry, seeking consolation and finding none.

If you want to vote for Rollin Hurt for Circuit Judge, and differ with him politically, stamp in the cross, please his name.

John D. White is coming down the home stretch on the independent track head-on for Congress. He has no inclination to take chances in packed conventions.

The Republican county Convention last Thursday was not very harmonious, but the late additions to the party will succeed in smoothing the troubled waters.

Rollin Hurt's candidacy for Circuit Judge continues to grow in favor and it is predicted that he will be elected. Let no man who favors his candidacy remain from the polls.

Mr. M. Roy Yarberry tried London in 1900 with the minority part of the Legislature but refused last Saturday to try it again with the majority vote of the Republican convention demanding it.

Caleb Powers and James Howard have been removed from the Scott county jail to the Louisville jail for safe keeping. The jailer at Georgetown made an affidavit that he believed an attempt would be made to release them.

The supporters of Mr. Beckham and Mr. Hurt should remember that if there is an old Democrat in the neighborhood who is not in the habit of going to the election, that he goes to the polls on Tuesday the 28th day of November.

The Democrats of Green and Taylor counties should roll up a large vote for Judge Patterson and E. Lee Durham. Judge Patterson has no opposition, but the larger the vote the happier he will feel. Mr. Durham is opposed by "Roaring Bill" Sweeney.

Jas. H. Tillman, formerly Lieutenant Governor of South Carolina, was acquitted by a jury last week for murdering a J. G. Gonzales, who was the editor of the State, a leading paper of the South. The verdict is generally condemned.

The Democrats of Taylor county should bear in mind that Mr. W. L. Meader is the nominee of his party for Circuit Court Clerk and work for him day and night from now until the election. He will make a good officer and there should be no question about his election.

The Masonic Grand Lodge of Kentucky is in session at Louisville. Mr. Owen D. Thomas, of Columbia, will be elected Grand Master, and Mr. James Garrett, Jr., of Columbia, Grand Senior Warden. Next year Mr. Garrett will be elected Deputy Grand Master and the year following Grand Master.

Judge R. J. Brockinridge made a speech at Stanford in which he unequivocally expressed his determination to vote for Beckham and the entire ticket. He said that the courts had decided that Beckham was eligible and that it was now a dead issue with him. This was the talk of his scratching the ticket.

Immediately the majority part left for London while Mr. Hunter and his friends proceeded to re-organize and hold the convention in the hall they had vacated. Mr. Hunter is the nominee of that convention but whether he is the legal nominee of the party is yet to be determined. It is their trouble and they must adjust it. We know too little about Mr. Edwards and have heard too much of Dr. Hunter's dark lantern methods in politics to have any preference.

The Eleventh district Republicans seem to be a little at sea just now since their convention split wide open at Middleboro last Saturday, and the larger half adjourned to meet in London on Monday.

Mr. Edwards, of London, aided by Mr. Stevens, of Whitley, organized the convention. They went up against Mr. Hunter and his allies and were victorious, but before the committee on credentials had finished its work, a motion was made to adjourn to meet in London (Capitol No. 2) on Monday.

The vote stood 178 for the motion and 178 against it, the chair voting for the adjournment and removal, cast the day that meant to pack girds and board the train.

The Republicans of this county held a convention at the court house last Thursday afternoon for the purpose of instructing delegates to the Middleboro convention to be held on Saturday, to nominate a candidate for Congress. Hon. L. T. Neat, who has been fighting for the Republican party in Adair since he reached his majority, was a candidate for the instructed vote of his home county, having announced through the Spectator that he was before his party for Congress. The convention buried Tom's fidelity to his party and appointed delegates and instructed them for Dr. Hunter.

It may be that the convention did not consider Mr. Neat in the race, but was it just to slap a home man in the face? Tom Neat possesses tender feelings and his family and friends are built the same way, and he should have been spared the humiliation of defeat by his home county.

We are informed that Hon. H. C. Baker stated in his speech in Jamestown last Monday that he had hoped that he would have no opposition in his race for Circuit Judge, and but for the efforts of Mannie Tuts and Charlie Harris he would have had a clear field, as these two gentlemen were running Mr. Hurt. Now, in justice to Mr. Hurt, in justice to the many good citizens of this town and county, and in justice to the hundreds of good citizens from all parts of the district who petitioned Mr. Hurt to make the race, we declare Mr. Baker's statement a clear mist of the truth. Why such a statement should be made is unknown to us.

Mr. Hurt's candidacy, but not responsible for his announcement, neither are we running him. He is no one man's candidate, no machine made nominee and did not come into possession of his nomination by buying it. He listened to the voice of a multitude of friends, both Democrats and Republicans, and obeyed the call. We are ready to ask Mr. Baker how he secured his nomination and whose candidate he is? Everybody knows that he is the representative, the direct one, of our present Circuit Judge. Mr. Hurt is competent in every particular and truly the people of this district is worthy of the very best man to conduct this important office. Mr. Baker should confine himself to the platform of his own choosing which is merit. We present no other.

JAMESTOWN.
There were more politics and less business in Jamestown last Monday than any opening of circuit court for several years. The supporters of Mr. Belknap were very industrious from early breakfast until noon, spreading campaign literature. We talked to quite a number of Democrats all expressing their belief that the Republican majority in the county would be considerably reduced. The Democrats are very much interested in Mr. Rollin Hurt's race for Circuit Judge and will do everything in their power to bring about his election.

When the representative of the News left for home Mr. H. C. Baker was presenting his claims for this position to a fair audience. Mr. Hurt was to follow Mr. Baker. There were a number of voters present especially to hear Mr. Hurt speak, and he believed that he will get a surprisingly good vote in Russell county. He is personally popular, and his qualifications are called in question. It is to be the brick work of the bank building is going up and the foreman stated that the building would be rapidly pushed to completion. It is to be finished in handsome style and will be quite an ornament to Jamestown.

The new jail building is also going going up. The foundation is about completed, and in four weeks the contractor hopes to have it under room. It is located on Monticello street, one hundred and fifty yards from the public square. Russell county is very much in need of a new jail, as the old one is insecure, about ready to tumble. Mr. J. H. Stone, son of Judge W. S. Stone, who went to Colorado about one year ago for his health was lying in a very critical condition when a message was last received. His father-in-law Mr. Berry McKinley informed us that he had no hopes and expected the next message to announce his death.

There were a number of mule buyers on the square, but there were but few head offered and we did not learn of any sales, the buyers claiming that prices were too high.

LETTER FROM F. M. ROBERTSON

PRECIDIO, S. F., Oct. 11, 1903.

Dear Mr. Harris:— If you have a few spare lines in which I can put a few words, I will be glad to have them.

On the 14th day of July I left Columbia for Louisville, where I was sworn into the U. S. Army. We were there only two days when we were sent to Jefferson Barracks, Missouri, where we remained until August 6, when we received orders to leave for this place. We came over the M. & P. Railroad, came through the Grand Canon and many other places of interest, reaching this place August 11th.

We were assigned to the 6th Field Battery, the 14th and are now permanently stationed or for a while here.

Our Battery will go to the Islands in about 18 months. It is one of the light batteries that has never been in action.

Precidio lies right on the entrance to Golden Gate all other sides by the city of San Francisco. There are about 8000 acres in the reservation and at the present 20,000 of us stationed at this post. It is considered one of the best equipped and protected harbors of the world. The coast is fringed with 12-inch guns and the bottom of the bay covered with explosive mines which by touching one electric button at the fire command, explode all of them in an instant.

There are only three light batteries and one squadron of cavalry located here the remainder being Infantry and coast Artillery.

Battery is just back from a trip down the coast 120 miles where we have been the past 30 days on target practice. We made the trip coming back in 3 days of rain. Well this is all a kind of interest at the present so I will wrap off.

F. M. ROBERTSON.

P. S.—Claude Allen, Young Hurt and myself are all in the same outfit and together most of the time.

Monarch Coffee.

The only strike that ever occurred in this part of the country was instituted last week when the carpenters, five in number, threw down their tools and quit work on Mr. J. N. Murrell's residence at 9:37 a. m. They made no demand for an advance in wages, had no grievances against anybody, and labor, neither were they members of the union or sympathetic move. It was a quiet stop at one without any explanation. At first we were a little confused but an interview with each one revealed the fact that some of them meant harm to the employer. It was not a case of envy, as brotherly love prevailed. It was a misunderstanding wholly, believing the material was short the head man thought best to quit. He made no explanation to the rest to all quit. In reality the strike was unnecessary for the team had arrived with at least 75 feet of siding, 40 feet of casing, enough to have kept the entire force at work for several hours.

Monarch coffee is always good.

We learn from the officers of the First National Bank, which opened at this place last week, that the institution is doing fairly well for a beginner.

The deposits, of course, are not heavy up to this time, but they hope to receive a liberal share of the business of this section of the State. One thing we are glad to mention, the two banks of this place are on the most friendly terms. Neither one is jealous of the other, the most friendly expressions coming from the two institutions.

Mr. Geo. W. Robertson will break up his bookkeeping luncheon party for the election. His mother will live with her daughter, Mrs. Z. M. Staples; his daughter, Miss Maggie, will enter college at Lebanon, Tenn., and he will board. Mr. Robertson has a nice building lot near the square, and will likely erect a residence soon.

Mr. Robertson sold the residence and farm where he now resides some weeks ago, to Mr. S. D. Barber, who will take charge the first week in November.

Rev. Eli D. Watkins, of Milltown, comes to the rescue and gives \$500.00 to aid in building a Dormitory for the school in Columbia. Mr. Watkins realizes the worth of such a building; its tremendous bearing on the school and opens his purse and his heart to the cause. The above is his first contribution to the school and while it is a good amount, yet it is for a noble purpose and will be doing good long after he has gone to rest. Mr. Watkins is a Methodist, able to give and willing to aid a good cause. He will probably double the amount if necessary to complete the work.

Monarch coffee is always good.

The spirit of improvement has struck the business men of Columbia, nearly all the houses upon the square having been given a different appearance by fresh paint. The outlook for Fall business is good. The farmers have grown excellent crops, and when this class of people are doing well everybody else is in the swim. The Columbia merchants keep large, clean stock of goods and are selling their wares at low as can be bought anywhere in the State. Our merchants and grocery-men, one and all, are first-class, interesting people and merit the trade they are receiving.

Monarch Coffee.

On the farms are the most hopeful generation of boys of which the world has knowledge. They are the very start of the nation. From them will be recruited not only the successors of their fathers as managers of the farms and breeders of the stock of this great nation, but future captains of industry, military merchants and talents for the halls of legislature, the boards of trade and all the duties of statesmanship. The father of these boys will make a great mistake, however, to teach them that they must leave the farm in order to succeed.

Come to Columbia and buy you a lot of ready-made skirts and cloaks. You will soon have two good schools. It is well known to the educational center of Southern Kentucky. An investment in real estate at this time is not only safe but will prove profitable. Mark this time and buy with Columbia with your bright future full of schools, full of enterprise and free from the vicissitudes of government and larger towns is the place to make your home, to educate your children.

Cane Valley, the second town in the county, is doing well. The population has increased in value \$50 per cent, and in the last five years the population has doubled. There are six dry goods stores, one drug-store and the necessary shops to complete a first-class business town. There are four churches and buildings, each one having a large congregation. The roller mill and saw-mill is doing a fine business, and the whole community stands as one people socially, the very thing to make a growing and prosperous little city.

PRECIDING SUNDAY

J. F. Baggett, Freedom.

P. E. Lewis, Milltown.

J. K. Abell, Columbia.

J. P. Scroggs, Grayville.

J. F. Hopkins, Bethel Ridge.

The tobacco market in Louisville was active last week. A great deal of Burley was sold and good prices were generally realized. Dark tobacco was scarce, prices remaining unchanged. The highest price realized for Burley was \$12.50 per hundred and the lowest for dark was \$7.50. The cable market at 44.00 for the best and the highest price realized for hogs was \$5.50, sheep, \$2.75 and \$3.00.

Rev. F. E. Lewis, who is the new pastor of the Methodist Church, called to see us last Friday. He informed us that he would be the principal of the Training School which is to open January 1, 1904, and that he will be assisted by four other teachers. A music teacher has also been secured. Mr. Lewis is well pleased with the school building and the outlook for the opening term.

A committee is now at work, soliciting funds to build a large brick hall at the Methodist Training School. We understand that all but \$500 of the money necessary has been raised and if that amount is subscribed within the next few days Mr. Fletcher, the brick man, promises to complete the building by the first of January.

Since writing the above we understand the contract has been let to Mr. Fletcher to be completed by January first.

Large audiences greeted Messrs. Tarter & White at the court-house last Friday and Saturday evenings. They gave a very good entertainment, having many late scenes which were attractively thrown upon a canvas by the efforts of their apparatus. The moving pictures, the descriptions of the recent naval battles and "My Old Kentucky Home" illustrated and sung, were especially appreciated. Messrs. Tarter & White need not be ashamed of their show, as it far surpasses many other like exhibitions now on the road.

Mr. Bassett Hunt was discoursing upon the ravages of the English-sparrows last Saturday and in the course of his remarks he said that he was satisfied that they destroyed annually for him twenty bushels of wheat and twenty bushels of oats. He is very anxious to have them exterminated, but thinks too indolent for the number to be even diminished.

It will be gratifying to my friends in Adair county to know that the membership in Rev. J. L. Murrell's district was increased more than two hundred last year; that more money was paid in for home and foreign missions, and that pastor's salaries all over the district were raised. Mr. Murrell is the Presiding Elder of the Lebanon district.

The protracted meeting at Union closed last Sunday, and Sam Tate and Bruce who attended the evening services, report that much good was accomplished. Rev. Henderson, who assisted Rev. Sandridge, delivered convincing sermons and the song service was good. There were several professions of faith and the church has been greatly revived.

Mr. John G. Sabetti purchased the A. T. Bartlett farm, lying in Cane Valley, last Friday, for \$5,000. Full possession of the property will be given on Christmas. Mr. Bartlett will probably remove to Pennsylvania, his native State. This is a splendid grass farm and a very desirable piece of property.

MARRIAGE LICENSES.

The following is the marriage license issued since October last:

Newton Clark to Miss Margaret Bray.

Warren Sexton to Miss Arnie Keitner.

A. Wright to Callie Garrison.

W. B. Godden to Annie Adkins.

C. Christie to Ross L. Fesse.

Mr. Silas Cain sold his farm, lying on the Burke road, five miles from Columbia, to Mr. Crittendon, of Cane Valley, for \$4,000. The sale took place last Friday. Mr. Cain will give possession the first of the coming year, and will remove from Adair county. He has not as yet decided upon a locality, but will probably go West.

Tom Lester, Leo Winfree and Jerry Bonar were indicted in the Federal court last week for retailing liquor in this place. All three confessed and were sentenced to serve 30 days each and to pay a fine of one hundred dollars. At the expiration of their prison sentence they will take the innocent debtors oath and be released.

Col. J. S. Powers, President U. S. Trust Company, en route to a meeting of the Bankers' Association in San Francisco, was hurt at Reno, Neb., last Saturday. The train parted as he was in the act of stepping from one car to another and he fell to the track, but managed to avoid the oncoming train by jumping off the track. Mr. C. C. Tensley, on the day after his return from this place, where he came with Col. Powers to inspect the proposed railway line, was upset in an automobile run-away, and has hardly been able to attend to business since. It is a singular coincidence that these two gentlemen should have happened to similar misfortunes within a few weeks of the same time.

All parties who have not paid their subscription to the bridge are requested to call on C. S. Harris and settle at an early date. The bridge has been completed, accepted by the Fiscal court and the bondsmen paid off the \$500.00. They need the remainder as they paid in advance for you. Call as early as possible and settle.

PUBLIC SPEAKING.

Purdy, Saturday, Oct. 24, 1 p. m.

Elroy, Wednesday, Oct. 28, 1 p. m.

Glenville, Friday, Oct. 30, 7:30 p. m.

"Uncle" Robt. Allen, now 82 years old, called at the News office Friday. He stated that in all his life he never scratched a ticket, voted democratic at every election, and that his cross will be put under the rooster the third of next November.

State Superintendent of common schools has drawn a warrant on the treasury for \$83,000 in favor of the country school teachers and the first 25 per cent. of the amount is being paid. Quite a number of Adair county teachers were paid the 10th.

The seed cultivators of Cane Valley are complaining of ground mice. They are rapidly destroying the roots and seed. Mr. Jas. H. Winfree informs that he is losing at the rate of three dollars per acre by their ravages.

Mrs. R. C. Eubank and daughters entertained a few friends at dinner last Saturday. Among those present, out of town, were Mr. and Mrs. Rooley, of Lebanon. A magnificent spread was spread.

PUBLIC SALE.

I will, on Friday, the 30th, of this month, sell, at my premises, to the highest bidder, all of my remaining household and kitchen furniture, corn and hay.

Coffey Bros. & Robertson sold to Al Pedigo, of Glasgow, three small mules at \$80 per head, and one horse at \$10. They bought last week three mules from different parties, at an average of \$100 per head.

J. F. Hughes was a candidate for county treasurer at Du Pont, Ga., but it was predicted that he could not live six months. He was afflicted with a running abscess on his lung and suffered for three years; his life trembled in the balance when he heard of Dr. King's New Discovery for consumption. He tried it and was finally cured of this disease. He tried it and was finally cured of this disease. He tried it and was finally cured of this disease.

CREELSBORO.
Last Thursday afternoon Mr. Jas. Black, a promising and industrious young man, was married to Miss Cecil Haynes, the beautiful daughter of Mr. Arnold Haynes, of near Montpelier. Only a few special friends witnessed the ceremony which was beautiful and impressive, performed by Rev. Mitchell at the home of the bride's father. Immediately after this solemn vow had been pronounced the happy couple and their friends left for the home of the groom where a magnificent supper awaited them. This popular young couple were the recipients of many handsome and useful presents. Mr. Black's many friends congratulate him upon winning his companion for life. It is a lady who possesses all the traits that go toward making a noble and beautiful woman. May their journey through life be long, prosperous and happy be the wish of their many friends at Creelsboro.

END OF A BITTER FIGHT.
"Two physicians had a long stubborn fight with an abscess on my right lung," writes J. F. Hughes, of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely gained my health." It cures all Coughs, Colds and Throat and Lung trouble. Guaranteed by all druggists. Price 50c, and \$1.00. Trial bottles free.

The gum shoe methods of the oleaginous Dr. Godfrey Hunter, manager of the Republican campaign in Kentucky, will not fool any Democrat. The impression he is trying to create is that the Republicans are disorganized and are taking but little interest in the campaign, will be taken for what it is worth. The Republicans are neither indifferent nor inactive. They are taking more than the usual interest in the campaign and are resorting to unusual methods to increase the Republican vote in the State. A large number of signatures have been fraudulently registered at Louisville and it is well known that a large big corruption fund is being raised from the pockets of the government, and they will engage in the work of subverting on a very liberal scale. The Democracy are fully cognizant of the dark sinister and corrupt tactics.

SATISFIED.
The young heathen listened with gladness to the instructions of the young man who had crossed the trackless ocean to teach him the ways of civilization.
Then he heeded in.
When he emerged from the scumming and wiped the blood and dust from his eyes he saw the ball hurtling through the air.
Slowly removing his nose guard, padded trousers, leg pads and heavy shoes the heathen remarked: "If this is civilization I believe I will cling to the more human and less bloody tradition of my head-hunting fathers."
Of course, being only a heathen he was unable to comprehend the beauties of our national fall sport.

Confessions Of A Priest.
Rev. John S. Cox, of Wake, Ark. writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, and got no relief. If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by All Druggists. Only 50c.
